

FOR IMMEDIATE RELEASE – FULL WATER RESTRICTIONS

Tuesday July 31, 2018 - 3:35 PM

As a result of the power outage affecting the water system in the City of Merritt, the City's water supply is now being powered by a back-up generator. There is only a limited amount of water that can be used before no further water is available. As a result, we ask that all citizens completely restrict all use of water until further notice. Please do not shower, flush toilets, wash clothes or dishes, or water lawns or gardens.

Regards,

Sean Smith

Director of Corporate Services

City of Merritt
